

JK Fenner is committed to working for the development and welfare of society in the areas of Healthcare, Education, Livelihood, Rural Development and Sustainability.

CSR Activities

The CSR initiatives of JK Fenner aim to improve the quality of life of underprivileged communities in the vicinity of its major facilities. Our interventions focus on health, education, employability and environment and have touched over 500000 lives across India.

Improving Economic Well-Being

We engage with the state, local communities and other stakeholders to support their development agenda through sustainable change.

Society

At JK Fenner, being socially responsible and earning the trust and confidence by improving the livelihood of villagers and establishments around our facilities are core facets of doing business.

Over the last 5-7 years, there has been a focused effort near the manufacturing units in Madurai, Hyderabad and Sriperumbudur, besides other places. These initiatives are based on the following 5 pillars –

- ✓ **Swachh Bharat / Hygiene**
 - ✓ **Health**
 - ✓ **Education**
- ✓ **Livelihood creation and**
- ✓ **Skill development**
